Life's Breath

Crying and Laughter

This World, The Hereafter

Alterations between Day and Night

shhh.....shhhsssss, there flies the kite!

To be engrossed in the dhikr of the Creator

The Blessings bestowed upon man by the Bestower

The historical epochs of mankind's achievements and failures

Charge.....Discharge.....Charge.....Discharge.....Charge.....Discharge

Two graceful God-given elements govern the nature of the human life

At every Salat our IMAN is charged and slowly discharges until the next Salat

And then InshAllah we are recharged and the process is an ongoing natural cycle

Shaytan is helpless when one's IMAN is charged as ice is helpless in boiling water

Clearly our beloved and wise Prophet(SAW)taught us the nature of iman fluctuates

To die in a state of TOTAL DISCHARGE is a state every disciplined soul truly fears

The unfortunate soul devoid of IMAN is destined for the Dreaded, Darkened Fire

Please Ya Allah, Ya Allah, Ya Allah protect us from such a humiliated state, Ameen.

I have been most fortunate to attend two Tarbiyah & Ilm camps, Alhumdulillah

For I have learned much more than the wisdom attained from just one camp

Charge, discharge, charge, discharge

First Tarbiyah&Ilm Camp = charge

After camp = slow discharge

Next TI camp = charge

After camp = slow discharge

InshAllah next camp=charge

Clearly we are not disposables

One charge and the Trash Can

Allah is truly the All-Merciful

And to obtain a recharge,well..

Have you ever cried tears just

for the sake of Allah (SWT) ?

Have you ever loved brothers

for the sake of Allah (SWT) ?

Have you ever been nourished

in the love of your brothers?

Have you ever felt the burden

of carrying the Words of Allah ?

Have you ever witnessed the

Prophetic Character embodied

by our grand and dear teachers?

Have you seen such splendor?

Whoah....what time is it again?

It's time for Isha prayer.....umm

Where is the beautiful Masjid?

Oh wait, it's there! Look at the

magnificent, picturesque *minaret*

What time is again? Whoah! I have to get serious fast....time is running out...

Brother, what is one of the ways to enter The Indescribable Gardens with ease?

To gain the only SHADE on the dreadful Judgement Day, LOVE your brothers for the Sake of Allah (SWT).

Really? But it's easy to claim such LOVE, but to actually commit to the claim...I just cannot feel the LOVE....

After my departure from the 2005 Tarbiyah and Ilm Camp, I still feel the Brotherhood; the LOVE for Allah's sake still BURNS!
